

Concepts of Operations – Facilitate Egress Routes

This concept of operation is to assist with the egress of vehicles staged in the red zone and in specific staging areas. The concept of operation was prepared by Traffic NCOs Sgt Cairns, Sgt Graham, Sgt Froats.

Latest information received from the OPP - Staging area has been identified in Vars Ontario and group agreeing to move in convoy style.

Core egress will allow for vehicle to exit via specific exit routes and provide opportunity to travel EAST and West on Hwy 417, and travel route to Gatineau.

The concept of Operation was also reviewed and approved by Tim Streng City Traffic Management and representative at the NCRCC, by Todd Pyper OEM representative at the NCRCC.

Incident commander Insp Russ Lucas was also provided with the plan and was briefed on the egress routes.
